'His People'

**A Picture That Will
Live Forever**

His eldest son—the apple of his eye—denies him but Sam,
may—tough, hardboiled, a prize fighter—dragged him from his
high-toned friends and threw him cowering at his father's feet.
There may be a picture as good, as true, as sincere a chronicle
of misplaced blind love and life as "HIS PEOPLE" but there
will never be a better. You'll like this tremendously appealing
drama of the modern generation. It captures that rare beautiful
thing—love of family—belief in one's own—a picture to win
your heart—stick in your mind—bring tears to your eyes and
laughter to your lips. A picture of heart-throbs and happiness.

McDougall Bros. Win Many Prizes

While wheat records are piled
up on every hand A. S. and C. D.
McDougall have brought Champion
into distinction in another
branch of farming. For some
years past their stock has been
highly placed at Calgary and
other stock shows but this year
at the Calgary Fall Stock Show
they made a new record, win-
ning more prizes in all classes
showed in than any other ex-
hibitor and also winning a prize
with every exhibit made. Fol-
lowing is a list of their winnings
the ribbons for which have

Women's Institute Regular Meeting

The monthly meeting of the
Women's Institute was held on
Tuesday at home of Mrs. Nelson.
The principal feature of the
meeting was a review of book
"New Furrows" (Authoress Flos
Jewel Williams), by Mrs. J. W.
Cain, who gives the review in
such a pleasing manner it took
one right along with her
through the story, and anyone
would be well justified in get-
ting the book. Delicious re-
freshments were served by Mrs.
Watkins. It was decided to hold
a box social on Friday, Nov. 19th.
Further particulars later.

Coming Thursday November 18th.

Chas. A. Cooke, Basso and
Entertainer, to take part in a
concert in the United Church
under the auspices of the Lad-
ies' Aid. Admission 50c, children
25c.

O. E. S. Card Party And Dance Coming

The O. E. S. will hold their
first card party and dance of the
season on Mon. evening, Nov.
15th. As usual those who attend
may rely upon an enjoyable
time. Good music will be pro-
vided for the dancing. Admis-
sion 75c each.

Chas. A. Cooke Prince of Entertainers

Mr. Charles A. Cooke is a
prince of entertainers. He has
delighted large audiences time
and again in our church con-
certs and in other large gather-
ings in Ottawa and elsewhere.
They never tire of "Charles" as
he is affectionately called by
his host of friends. As a read-
er and humorous elocutionist
he has few equals and no su-
periors in Eastern Canada. His
serious monologues on Indian
life and traits are most inter-
esting. He is an excellent bass
soloist and his rich deep voice
is always heard with great en-
joyment.

Stewarton Church, Ottawa.

Chicken Supper Big Attraction

The Thanksgiving chicken
supper, held under the auspices
of the Ladies' Aid in Campbell's
hall on Monday evening was a
highly successful affair in every
respect. While the crowd was
almost too large for the hall,
the supper served was thor-
oughly enjoyed, although ser-
ved with some difficulty. The
programme which followed was
also appreciated, consisting in
part as follows: Community
singing, led by G. M. Campbell;
recitation, Mrs. Collins; solo,
Mrs. C. McLean; duet, Messrs.
Campbell and Hamilton; solo,
Mr. Hamilton; pianists, J. W.
Watkins, Miss Ella Stephenson
and Mrs. Hunt. Rev. S. R. Hunt
made an excellent chairman.
The ladies in charge are to be
congratulated on the success of
what proved a big undertaking.

C. H. Sutton Purchases Graves Farm

C. H. Sutton has purchased
the East half of 9 and the S. E.
16-15-23 from Roy Graves. This
addition gives Mr. Sutton five
quarter sections adjoining each
other. On two quarter sec-
tions purchased about a year ago
he thrashed 2,850 and 2,900
bushels of wheat and has a
quantity of feed in addition.
Mr. Sutton will spend the win-
ter at Long Beach, Cal., return
in the spring.

Thanksgiving Day was duly
observed in Champion stores
and elevators being closed
while the store keepers and
elevator men regaled them-
selves with goose and turkey
and other Thanksgiving deli-
cacies.

Armistice Day has come and
gone again and we are a little
further from the front war.
Still the consequences of the war
stick to most of the European
states involved.

A card meeting was called
for Monday night in W. C. Hos-
kins store but was called off
owing to lack of attendance.
The weather is decidedly unfav-
ourable to focus attention on
winter sports.

W. C. Fry, who has been here
for some time looking after his
farming interests, left for Spo-
ke on Tuesday night. He is
very likely to return to this
province permanently in the
not distant future.

The proprietor of the Savoy
hotel would be pleased if the
party who borrowed his ladder
would return same at once as
he would like to put his storm
windows on.

Government to Operate E.D. & B.C. Railway

In an official statement issued this week, Premier Brownlee of Alberta, announces that the Government will take over and operate the Edmonton, Dunsvegan and B. C. Railway, into the Peace River country, commencing November 11. The operating agreement under which the C. P. R. has been operating the road expires on November 10, under the three months' notice given by the Government last August.

The announcement is made at the same time that a traffic agreement has been signed by the Government with the Canadian National Railways, whereby the C. N. R. will handle all traffic from the E. D. and B. C. and for that line, under which agreement the present freight rates now enjoyed by the residents along the line will be continued. The agreement also provides for the use of the C. N. R. depot and terminals for the trains of both the E. D. and B. C. and the A. and G. W. lines. J. Collingham, Deputy Minister of Railways, is named general manager of the road.

Under the new conditions, the Alberta Government is sole owner and operator of the E. D. and B. C. and is in a position at any time to enter negotiations for an outright sale of the road, should it decide to do so. The latest offer of the C. P. R. for a further lease of the line made only this week, and which was \$80,000 better than the last previous offer, was rejected by the Government, which was opposed to tying up the line under any further agreement, preferring to remain in a position to be free to negotiate the sale of the road if thought desirable. The Premier states in his official announcement that the Government has the confidence in the railway department's ability to operate the road at an operating profit.

Manitoba has three and three quarter millions of profit from the liquor business in the past year, and all but \$700,000 of it will be distributed among the municipalities of the province. That should make government control a popular measure with the people who pay taxes.

Several of the Vulcan fans went down to the boxing show at Champion on Saturday night. Their report of the event is interesting and definite, but not such as would look the best in print.—Vulcan Advocate.

Miss Smithson, of Medicine Hat, has succeeded Miss Rende as teacher of Grades V, VI, VII in the Champion Consolidated schools.

John Archibald has just received word that his brother, who was visiting here two weeks ago, was accidentally killed at San Francisco.

H. McNaughton has rented G. Stoddart's house for the winter.

Pasturing New Grass Seedings

During the months of September and October a great many inquiries are received by the Forage Crop division of the Dominion Experimental Farm as to the advisability of pasturing new seedings of grass and clover. During a favorable growing season such new seedings particularly red clover and alfalfa may attain sufficient growth to make excellent pasture. When winter feed promises to be scarce the temptation is great to take advantage of the new pasture thus provided, by turning the cattle on it for a few weeks. During the early fall months such a practice may not result in serious damage to the resulting crop. Late fall pasturing, however, is almost always followed by a partial or even total failure of the succeeding year's crop. It is much safer to clip new seedings high with a mower early in the fall if they promise to be too rank in growth rather than to take the hazard of pasturing. At this season of the year the safest policy is to leave new seedings alone.

New Anglo-Turkish Pact

Will Help in Fighting Soviet Propaganda in Near East

Negotiations are proceeding for an Anglo-Turkish pact which, while admitting the position of the Angora government, will solve many of Great Britain's difficulties in the near east. Turkish finances are in a bad way and one of the features of the proposed agreement is a substantial loan to Turkey by British banks.

Turkey also is in favor of France transferring the Syrian mandate to Italy and is depending upon Great Britain to support the plan.

Great Britain would gain the help of Turkey in fighting Soviet propaganda in the near east.

Auto Selling Reaches New Stage

High Pressure Salesman Passing--Performance and Service Mean Most to Prospects States Chandler Sales Head.

The high pressure salesman is passing from the automobile field, and with his passing the various tricks and schemes he used on prospects are being relegated to the land of things that used to be.

That, at least, is the opinion of Sid Black, General Sales Manager of the Cleveland Motors Corporation, whose cars are handled locally by E. F. Crawford.

"It wasn't so very many years ago," said Mr. Black, "that the high pressure salesman and his obnoxious tactics were considered necessary to sell motor cars."

"For some reason, dealers seemed to think that looking a prospect in a 'closing' room with a high pressure artist handy to fling words at him until he signed the dotted line in despair was the last word in salesmanship."

"Today things are different," continued Mr. Black. "The dealer has changed his viewpoint, he sees that new car sales are not the only factor in his business—he appreciates the importance of demonstrations and good service in selling prospects and keeping owners happy about their cars."

"The average motor prospect these days is motor wise. He knows, even before he begins to look at a car, the kind of car he wants and about the price he wishes to pay. 'Mr. Prospect' visits many salesmen and listens attentively while the salesman explains the various advantages of the car he represents."

"He then sits the many cars he has seen and heard about down to a few. He and his family get demonstrations in these favored cars while the appraisal is being made on his old car."

Performance Most Important

"Clever language fails before the searching performance tests that convince the prospect which car he ought to own," Mr. Black explained.

"All we ask our dealers to do is to thoroughly demonstrate the Chandler cars to point out its superiorities in equipment, finish, luxurious upholstery and performance qualities."

"That, we feel, is all any dealer should be called upon to do. If he knows his car thoroughly and demonstrates it adequately the prospect gets the Chandler story 100 per cent correct."

"When he discovers the quality car he is building and learns its price, the rest is easy. That's why Chandler is forging to the front in national sales faster than ever before in history."

The Catholic Women's League will hold their annual bazaar in Campbell's hall on Saturday, November 27th.

R. Tyler's auction sale on Wednesday was well attended and good prices were realized on practically everything offered.

Mr. and Mrs. R. Tyler will leave for England about December 1st. Mr. and Mrs. Jas. Brown will also make the trip this year.

Watch for the date of the presentation of the musical comedy "Cherry Blossom," to be announced shortly. This will undoubtedly be the best production it has been the good fortune of Championites to have put on here.

Observations extending over a period of 25 years are to be made to determine whether or not the continent of North America is sinking at the rate of one or two feet per century, or between one-eighth and one-quarter of an inch per year. The U. S. Coast and Geodetic Survey is undertaking the work and hopes to enlist the co-operation of Canada.

Two thousand four hundred and fifty pounds of chicken were delivered to the Champion Meat Market on Thursday. The plan of having poultry graded at home seemed to appeal to those who had poultry to dispose of. December 6 and 7 are the dates selected for the same principle. See advt. elsewhere in this issue.

How anyone escaped from Champion on Thursday without buying one or two cars seems like a miracle. In every direction a man or woman could turn they were confronted with cars and then more cars. J. M. Moffatt had a car of new Chevrolets, a Calgary firm were here with some eight used cars. Frank Anderson was on hand with a Chandler, while the local garage men were both on the job all the time.

While it has been known here for some time that there was every probability the Calgary Power Co. would build through Champion in the near future if any inducements were offered no apparent steps have been taken towards presenting our case to the authorities of the company. A hydro-electric line through the town would be an innovation which should appeal to everyone who intends living here. Under the circumstances it would appear some definite move should be made to assure ourselves of such a utility, or at least try to do so.
